Description and photos:

A detailed description including technical data and photos can be found on the following pages. A list of the machines, including some technical data, can be found on the following pages.

Technical Data and output capacities

All technical data and output capacities are according to the manufacturer.
For the correctness we take on no guarantee.

General:

A. Knorr GmbH shall not be responsible for any special, indirect, incidental or consequential damages in connection with the performance of the contract.

Any claims of the orderer, in particular in respect of damage to property which is not the subject of delivery, for loss of profit or any other subsequent indirect or consequential loss or damage, are excluded.

All objects delivered by us remain our property until payment of all sums due to us for any legal reason, even if the payments for particular designated items have been made. In the case of current accounts the reservation of ownership shall count as security for the balance due to us. German law shall apply and any dispute or difference arising under or in respect of them shall be subject to the non-exclusive jurisdiction of the courts of Germany.

Warranty:

Second-hand machinery and equipment are sold in the condition, in which they are. Supplementary equipment is supplied only as far as available. Claims of guarantee are excluded. The buyer has the right to view and to test the goods before contract conclusion or delivery.

Please do not hesitate to contact us for further information

Best Regards

A. Knorr GmbH
